

RHYTHM

OF MACHINERY

SPECIALIZED MAGAZINE
ABOUT
MANUFACTURING
EQUIPMENT

OUR COMPETITIVE ADVANTAGES

The magazine
«RHYTHM
of machinery»
is an information
partner of all
exhibitions listed
in the thematic plan

RHYTHM of machinery magazine
is independent publication
More than **20 years** on the market
Circulation of **10 000 copies**
7 issues per year
Format **210x290 mm**, full color

- ✓ Presentation of the magazine
at industrial exhibitions in Russia and abroad
- ✓ Reviews of trends in the development of domestic
and foreign engineering
 - Business practice
 - New technologies and R&D
 - Modern financial instruments for the purchase of
equipment
- ✓ Information about new products and current trends
in metalworking
- ✓ Publication of conceptual, scientific, practical
and implementation articles
- ✓ We explore the industrial
equipment markets in various aspects through:
 - reports from enterprises of various forms
of ownership
 - interviews of CEOs, chief engineers and chief
technologists of enterprises;
 - regional reviews.
- ✓ Latest news of mechanical engineering
- ✓ The most significant exhibitions and other events
- ✓ Image advertising and articles of our partners
- ✓ Active position, initiative and readiness
of the magazine's staff for new

RHYTHM

OF MACHINERY

SPECIALIZED MAGAZINE
ABOUT
MANUFACTURING
EQUIPMENT

CATEGORIES OF THE MAGAZINE:

New

Equipment

Tools
automation
and software

Tools, accessories,
accessories

Every company needs
this (Coolant, cleaning
and filtration systems,
warehouse complexes,
fasteners, logistics, etc.)

Technologies

Exhibitions

THE MAIN TOPICS OF THE ISSUES OF THE MAGAZINE:

1. Laser technologies.
Control and measuring equipment.
2. The tool. Snap-in. Accessories.
3. Technologies and equipment
for metalworking.
4. Technologies for railway engineering,
aircraft industry, defense industry.
Heat treatment.
5. Welding. Coatings. Equipment for
procurement production.
6. Automation, digitalization, robotization.
These topics under a special heading assume:
participation in a thematic survey, a special
offer for advertising, bonus placement of
news information.
7. Our 2023

New section of the magazine

«EVERY ENTERPRISE NEEDS IT.»

Promotional materials in this category
are accepted at special prices.

SPECIAL OFFER:

Layout per strip + article per strip bonu.

№ 1, PUBLICATION DATE FEBRUARY

- **Metalloobrabotka.Welding** — <http://www.expoperm.ru/metal-ekb/> (Ekaterinburg, 14—17 March)
- **Composit Expo** — <http://www.composite-expo.ru/> (Moscow, 28—30 March)
- **Photonics** — www.photonics-expo.ru (Moscow, 28—31 March)
- **MashExpo Siberia** — <https://mashexpo-siberia.ru/> (Novosibirsk, 28—30 April)

№ 2, PUBLICATION DATE APRIL

- **St.Petersburg technical fair** — www.ptfair.ru (S. Petersburg, 25—27 April)
- **Welding** — <https://welding.expoforum.ru/> (S. Petersburg, 25—27 April)
- **Conference «Innovations. Technology. Production»** — www.itp-forum.ru (Rybinsk, May)
- **Metalloobrabotka** — www.metobr-expo.ru (Moscow, 22—26 May)

№ 3, PUBLICATION DATE MAY

- **Metalloobrabotka** — www.metobr-expo.ru (Moscow, 22—26 May)
- **Metallurgy. Tube. Aluminium** — tube.metal-expo.ru (Moscow, 6—8 June)
- **Metallurgy. Tube. Aluminium** — <https://www.mc-expo.ru/> (Moscow 6—8 June)
- **RosMould** — www.rosmould.ru (Moscow, 6—8 June)

№ 4, PUBLICATION DATE JUNE

- **MAKS** — www.aviasalon.com (Zhukovsky, July-August)
- **International Military-Technical Forum «ARMY-2022»** — <http://www.rusarmyexpo.ru/> — (Kubinka, 14—20 August)
- **PRO//Movement.Expo** — www.expo1520.ru (Shcherbinka, August–сентябрь)
- **Heat treatment** — www.htexporus.ru (Moscow, 12—14 September)
- **Neva** — <https://www.nevainter.com/> (S. Petersburg, 19—22 September)
- **Conference «Electron beam welding and related technologies»** — <https://ebw.mpei.ru/> (Izhevsk, September)

№ 5, PUBLICATION DATE SEPTEMBER

- **Mechanical engineering. Metallurgy. Metalworking** — www.metal.vcudmurtia.ru (Izhevsk, October)
- **Weldex** — www.weldex.ru (Moscow, October)
- **Technoforum** — www.technoforum-expo.ru (Moscow, October)
- **RUSWELD** — <https://rusweld-expo.ru> (Moscow, October)
- **ExpoCoating** — <http://www.expocoating-moscow.ru> (Moscow, October)
- **PCV** — <https://www.pcvexpo.ru/ru-RU/> (Moscow, October)

№ 6, PUBLICATION DATE OCTOBER

- **Metall Expo** — www.metal-expo.ru (Moscow, November)
- **Russian Robotics Week** — <http://www.creonomyca.spb.ru> (S. Petersburg, November) + Industrial Robotics Forum (November)
- **Siberian Industrial Forum** — www.krasfair.ru — (Krasnoyarsk, November)
- **Uralpromexpo. Machines and tools** — www.bvkexpo.ru — (Ufa, November)
- **MITEX** — <https://www.euroexpo.ru/> (Moscow, November)
- **Conference «Fundamental research and innovative technologies in mechanical engineering FRITME»** — <https://fritme.ru/> (IMASH, November-December)
- **Engineering. Metalworking. Technosvarka** — <http://expomach.ru/> (Kazan, December)

№ 7, PUBLICATION DATE DECEMBER

Special issue «OUR 2023»: results of the year, surveys on development trends and plans, announcements of new products and events, experience in implementing equipment and technologies, successful cases, the heading «Every enterprise needs it» in business cards, etc.

- **Photonics** — www.photonics-expo.ru (Moscow, March 2024)
- **Metalloobrabotka** — www.metobr-expo.ru (Moscow, May 2024)
- **RosMould** — www.rosmould.ru (Moscow, 6-8 June)
- **Weldex** — www.weldex.ru (Moscow, October)
- **Technoforum** — www.technoforum-expo.ru (Moscow, October)
- **Metall Expo** — www.metal-expo.ru (Moscow, November)

The magazine will also be distributed by subscription and at partner events: Stankoinstrument Association, NSPOIM, etc.
